Court CARE HOME

The Orchard Court ethos

We have been dedicated to providing a safe, secure and caring environment for our residents since 1977. We recognise that entering a care home can be difficult for all concerned and we try to make the transition as easy as possible by giving any assistance that we can.

Our mission is to provide personal care of the highest quality, giving comfort and friendship within a homely atmosphere, while respecting and being sensitive to the individual needs, wishes and choices of all our residents. Our door is always open and we welcome all residents and their friends and families who wish to be involved in making the Home a better place to live.

The Home

Orchard Court is located just 2 minutes from Brigg town centre. It is an old coach house that retains many beautiful original features, while also having been selectively extended and modernised to offer a high standard of living to all residents. It is set in the privacy of extensive grounds and is within walking distance of local amenities including the Post Office, newsagents and chemists.

Our staff

Orchard Court has an experienced manager who leads a qualified and experienced care team who are on duty 24 hours a day, seven days a week. We continually invest in training our staff to help them develop and gain NVQ qualifications in care. This helps us to continue to improve the care provided to all residents. As a result, we hold the Investors in People Award.

We are very proud of the long length of service of many of our staff, which helps us to provide a stable and caring environment for our residents. We also have an innovative activities co-ordinator who organises a wide range of social activities to encourage residents to enjoy their stay to the full.

Maintaining high standards

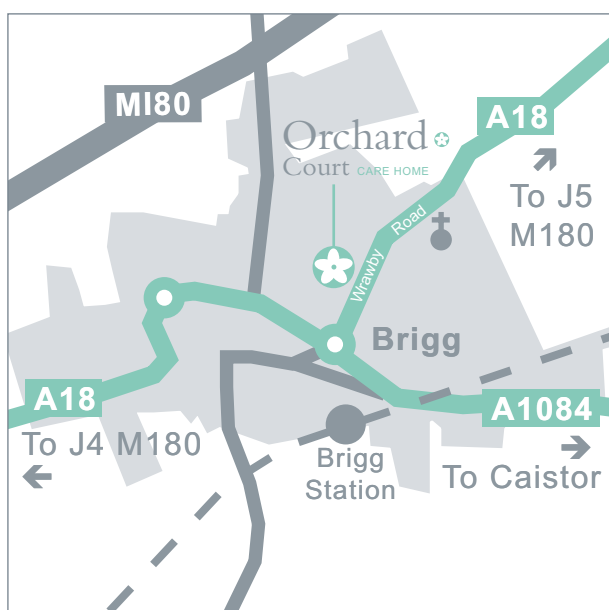

Orchard Court is registered and approved by the Commission for Social Care Inspection (CSCI), the body empowered by the Government to regulate care homes. They inspect Orchard Court regularly to ensure that high standards of care are maintained and the reports they publish can be viewed on their website www.csci.org.uk.

In addition, Orchard Court is a part of the Jasmine Healthcare Limited group, the management of which make regular visits to the Home. This helps the Manager of the Home to ensure that the high standards of the group are being maintained and that improvements in the service and facilities are continually being sought and implemented.

Further information

The best way to decide if Orchard Court is suitable for you, or your relative, is to come and have a look around and get a feel for the friendly and homely environment it provides. This will give you the chance to meet and talk with the staff and residents and their friends and families, or even just to sit out and relax in the garden! We also offer respite care facilities, so if you would like to try the service for a short period of time either as a one-off or from time to time as needed, this is possible.

If you would rather talk to someone before coming to see us, please feel free to call the Home and ask for the Manager. They will be able to give you any further information you would like and arrange a free no obligation taster day at the Home.
